DETAILED ACTION

Election/Restriction

Amended claims 1, 13 and 25 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The independent claims have been substantially amended to recite, for example, gaming machines that depict indicia representative of random outcomes, repository for making services available and determinations of service authenticity. While these limitations are enabled by the Specification, they constitute a change of invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1, 13, and 25, and claims depending therefrom are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
